

July 22<sup>nd</sup>, 2020

A message to our valued attendees and sponsors,

Given the limitations on indoor gatherings proposed by governments across Canada, the iTech team has created a brand-new Online Event Platform. Safety is top priority for our partners, attendees, and staff, while maintaining connections, networking, and bringing the industry together.

Through our Online Event Platform, iTech will be combining the Montreal, Ottawa, Toronto West, and Downtown Toronto events, into an iTech Online East event to be run November 10, 2020. We will also combine Calgary, Edmonton, and Vancouver, into an iTech Online West event to be run November 12, 2020.

**Mark your calendar for iTech East November 10<sup>th</sup> and iTech West on November 12<sup>th</sup>**

iTech East and West will be an exciting robust conference with top notch content and amazing prizes, from your favorite companies across Canada. Our virtual exhibit hall will allow you to visit the top companies in the industry! You will be able to engage in keynote presentations, product demonstrations, and learn about what solutions are best for your business. Drop into a virtual booth and have a live chat, video conference, download case-studies, enter to win prizes and giveaways, experience live demonstrations and network with the leaders in the IT industry.

We want to thank you for your support during these unprecedented times. We are looking forward to bringing you the same top-notch content, sponsors, and experience you expect and deserve.

Should you have questions, or require additional information, please contact customer service at: [registration@itechconference.ca](mailto:registration@itechconference.ca). We will respond to all inquiries within 3 business days.

Sincerely,

A handwritten signature in black ink, appearing to read "C. Palamoudian-Deschatelets". The signature is fluid and cursive, with a small dot above the final letter.

Christine Palamoudian-Deschatelets
